

OUR WORK WITH THE CBD AND MEDICAL CANNABIS INDUSTRY

Over the last four years, we have worked with countless businesses operating in the CBD wellness and medical cannabis sectors.

mackrell.com

We work collaboratively across our departments to help our clients achieve outstanding results.

At the heart of our service lies our experienced, awarding-winning Cannabis and Regulatory Law Team.

Having developed a significant following and reputation for the advice that they deliver, the team often lead the way in the national conversation regarding the regulation and commercialisation of the UK's CBD wellness and medical cannabis sectors.

A summary of our regulatory services to the Cannabis industry:

- Advising clients in respect of global regulation through the support of our network of lawyers in Mackrell International, one particular project spanned 15 countries which the team managed and advised on.
- Advising client's regarding the legality of their products, such as:
 - Medicinal Cannabis products.
 - Vaping products (e-cigarettes, e-liquids).
 - Cosmetics.
 - Food supplements.
 - Food products.
- Advising and assisting clients with their CBD Novel Foods Applications (NFA) and/or linked NFA with the Food Standards Agency.
- Advising clients in respect of product seizures by border force agencies and successfully getting products released, while also obtaining damages for clients where their products had been destroyed by UK Border Force.
- Advising clients in respect of Controlled Drug Licence applications.
- Advising clients in respect of High THC and Industrial Hemp Cultivation applications.
- Corporate advice to leading businesses, in the medical cannabis and CBD wellness industries on their commercial needs.

- Assisting clients with incorporating and launching companies in the UK.

Examples of corporate work undertaken:

- Incorporating and launching companies in the UK.
- Advising on a variety of global M&As.
- Creating Distribution Agreement, e-commerce terms, website privacy policy, website terms of use, and cookie policies.
- Drafting and negotiating agreements for the conversion of hemp biomass to distillates, including CBD and THC oils.
- Drafting and negotiating commercial agreements for an extraction facility working with hemp biomass.
- Advising a client on intellectual property matters, including the registration and maintenance of trade marks.
- Drafting and advising on general employment-related matters, including drafting bespoke contracts of employment.
- Advising a leading global CBD brand in relation to a consultancy agreement.

Beyond the services that we provide as a full-service law firm, our team also have access to more than 4,500 lawyers worldwide, in more than 60 countries, through our role as a founding member of Mackrell International.

We can offer a seamless service to our clients in the CBD and medical cannabis industries ensuring matters can be dealt with quickly and effectively.
